STATEMENT OF APPEAL *

You **MUST** state, in full, why you are appealing against Scottish Forestry's decision. Your statement must set out all matters you consider require to be taken into account in determining your appeal.

Note: you might not have a further opportunity to add to your statement of appeal at a later date, so it is essential that you produce all of the information you want the decision-maker to take into account. You will be though entitled to comment on (i) any additional matter which may be raised by Scottish Forestry in its response to your appeal, or (ii) any representations the Scottish Government might receive from any other person or body.

State the reasons for your appeal and all matters you wish to raise here. If necessary, this can be continued or provided in full on a separate document.

Have you raised any matters which were not before Scottish Forestry at the time the decision you are appealing against was made?

Yes

No

If yes, you should explain in the box below, why the matter was not raised at that time and why you consider it should now be taken into account.

List of documents/evidence *

Provide a list of all documents, materials and evidence which you have provided with your appeal and intend to rely on in support of your appeal and ensure that the documents are clearly numbered. If necessary, this can be continued or provided in full on a separate document.

APPEAL PROCEDURE

The person appointed to determine your appeal will decide the procedure to be used. In general, a decision will be made based on your appeal documents and Scottish Forestry's response. In some cases the appointed person may require further procedures to gain more information on specific matters before reaching a decision. This is your opportunity to indicate what procedure you think is most appropriate for the handling of your appeal (see Notes for Appellants).

1. Review of all relevant information provided by yourself and other parties only, with no further procedure
2. Inspection of land subject of the appeal
3. Further written submissions on specific matters
4. Holding one or more hearing sessions (i.e. round table discussions) on specific matters

If boxes 3 or 4 are checked, please explain below which of the matters (as set out in your statement above) you think should be subject to that procedure, and why. Use additional pages if necessary.

SITE INSPECTION

In the event that the Scottish Government Reporter appointed to consider your appeal decided to inspect the appeal site, in your opinion:

Can the site be viewed entirely from public land?	Yes	No
Is it possible for the site to be accessed safely, and without barriers to entry?	Yes	No
Are there any biosecurity issues that affect the site? (for more information on biosecurity, please see the site inspection section in the notes for appellants)	Yes	No
If there are any reasons why you think the Reporter would be unable to access and view the appeal site alone, please explain here:
